

Appointments

**All routine doctors' appointments are
for**

10 minutes only

**One appointment is for one problem
and one patient**

Discussing several issues with the GP takes time and causes appointments to run late.

Longer appointments are available upon request but must be booked in advance with a member of the reception team.

Please note that **all** appointments booked either **online** or by using our **automated booking system** are **routine 10 minute appointments only.**

Thank you for your co-operation
